8th Churchill

Kentucky Derby
One and One-Quarter Miles

1 ¼ MILES. (1:59⅘) 113th Running THE KENTUCKY DERBY (Grade I). $350,000 added. 3-year-olds with an entry fee of $10,000 each and a starting fee of $10,000 each. All fees will be paid to the winner. $350,000 added shall be paid by Churchill Downs Incorporated as the Added Purse. Second place shall receive $100,000, third place shall receive $50,000 and fourth place shall receive $25,000 from the Added Purse (the Added Purse and fees to be divided equally in the event of a dead-heat). Starters shall be named through the entry box on Thursday, April 30, 1987, at the usual time of closing (the "Closing"). The maximum number of starters shall be limited to twenty (20) and each shall carry a weight of 126 pounds. In the event that more than twenty entries pass through the entry box at the Closing, the starters shall be determined at the Closing with preference given to those horses that have accumulated the highest earnings in graded sweepstakes, including all moneys paid for performance in such Graded Stakes. Should additional starters be needed to bring the field to 20, the remaining starters shall be determined at the Closing with preference given to those horses that have accumulated the highest earnings in Non-Restricted Sweepstakes. For purposes of this preference, a "Non-Restricted Sweepstakes" shall mean those Sweepstakes whose conditions contain no other restrictions other than that of age or sex. In the case of ties resulting from preferences or otherwise, the additional starter(s) shall be determined by lot. An "also-eligible" list will not be maintained and in no event will starters be added or allowed to run in the race which are not determined to be starters at the Closing. The owner of the winner for the race shall receive a gold trophy. Nominations to each and all of the Triple Crown races, The Kentucky Derby, The Preakness and The Belmont (the "Races"), may be made only by payment of a single subscription fee to Triple Crown Productions, Inc., as agent for Churchill Downs Incorporated, The Maryland Jockey Club, and the New York Racing Association Inc. (The "Associations"). The subscription fee for 398 nominations received by January 15, 1987, is $600 and for 24 nominations received by March 17, 1987, is $3,000. (These fees are to be apportioned equally among the three Associations to be part of the total purse for each of the three races.) No supplimentary nominations for any of the races will be accepted. Triple Crown Productions, Inc., is guaranteeing total earnings of $5,000,000 to the owner of any horse which wins all of the 1987 Kentucky Derby, Preakness Stakes and Belmont Stakes races (the "Races") and is offering a $1,000,000 bonus to the owner of the horse with the best, most consistent finish in the Races. The "Triple Crown challenge" moneys will be awarded in accordance with the following rules: 1. The $1,000,000 bonus will be paid to the owner of a horse which meets in these criteria: Finishes in all three Triple Crown Races as listed above; finishes first, second, or third in at least one of the races; and earns the highest number of points over the course of the three Races (Points assigned for each Race: Win–5; Place–3; Show–1). In the event of a tie, the $1,000,000 bonus will be distributed evenly among the top point-achievers. 2. Triple Crown Productions, Inc. will pay to the owner of a horse winning all of the Races that amount which is necessary to bring total earnings for the Triple Crown Winner to Five Million Dollars ($5,000,000). The total will include the winners' purses as distributed by each Association; the $1,000,000 point-bonus described above; and a further bonus guaranteed by Triple Crown Productions to reach the Five Million Dollar figure. 3. In the event of a dead-heat, points accumulated for award of the $1,000,000 point system bonus will be awarded in full to the owner of each horse involved (for example, 5 points for each horse in a dead-heat to win). 4. Points will be awarded and all bonuses and moneys paid by Triple Crown Productions only after any disputes arising with regard to the eligibility, disqualification or finish of a horse have been finally adjudicated. 5. Triple Crown Productions will present the Triple Crown Trophy to the owner of a horse winning all of the Races.

15-1 (FIELD)

ENTRY OR MUTUEL FIELD

A bet on one horse of an entry or mutuel field shall be considered a bet on all horses so coupled in that particular entry or mutuel field.

ENTRY means two or more horses which are entered or run in the same race, owned by the same owner or trained by the same trainer, or coupled by the judges in the betting.

MUTUEL FIELD means two or more horses which are entered or run in a race and are coupled in the betting for the purposes of accomodating the individual horses competing in the race which exceed the selling capacity of the parimutuel system.

Where a horse that is part of an Entry or Mutuel Field is a later scratch and at least one horse of that Entry or Mutuel Field starts in the race, all tickets purchased on that Entry or Mutuel Field remain valid and the purchase price of any such tickets shall not be refunded except when such entry involves the Exactor or Quinella feature, in which case only those tickets coupling the two horses of the same Entry shall be refunded.

ENTRY AND FEATURE POOL

Where an Entry or Mutuel Field appears in a race on which the Exactor or Quinella feature is operated, the Association shall provide for sale tickets coupling the two horses of each respective Entry or Mutuel Field as the case may be.

When there are two horses designated as an Entry in an Exactor or Quinella race, a ticket coupling the Entry horses in the feature is available and is a winning one if the two horses of the Entry finish first and second in either order. For a race with one entry, such a ticket would be number 1 - 1. A ticket coupling an Entry with another horse is a winning ticket if the other horse and either horse of the Entry finish in the selected positions.

HOW TO READ DAILY RACING FORM PAST PERFORMANCES

Past Performances include cumulative statistics for every horse who has raced on the grass in the U.S. and foreign countries; a symbol [S] designating races restricted to horses bred in a certain state; a symbol [R] indicating races that have certain eligibility restrictions other than sex or age, and a "bullet" ● denoting superior workouts (the best workout of the day at that track for that distance).

FOREIGN-BRED: An asterisk preceding the horse's name indicates he was bred in a foreign country. The country of origin (abbreviated) appears after the breeder's name, as does the state or place and Canadian province of all horses foaled in the United States, Puerto Rico or Canada.

MUD MARKS: One of the following symbols after a horse's name reflects an expert's opinion of his ability on an off track:

*** Fair Mud Runner** **× Good Mud Runner** **⊗ Superior Mud Runner**

RECORD OF STARTS AND EARNINGS: Each horse's lifetime statistics are given as well as his complete racing record for the current and prior year, or the last two years in which he competed. The letter M in the current year's record indicates the horse is a maiden. M in the previous year's record indicates the horse was a maiden at the end of that year. TURF RECORD shows his lifetime starts, wins, seconds, thirds and earnings on the grass.

NOTE: Latest workouts are printed under each horse's past performances when they are available. The "bullet" ● indicates it was the best workout of the day at the track and distance.

DISTANCE
a—preceding distance (a6f) denotes "about" distance (about 6 furlongs in this instance.)

FOREIGN TRACKS
◆—before track abbreviation indicates it is located in a foreign country.

RACES OTHER THAN ON MAIN DIRT TRACK
[⊙]—following distance denotes inner dirt course.
[Ⓣ]—following distance indicates turf (grass) course race.
[T]—following distance indicates inner turf course.
[S]—following distance indicates steeplechase race.
[H]—following distance indicates hurdle race.

ABBREVIATIONS USED IN POINTS OF CALL
no—nose hd—head nk—neck

DEAD-HEATS, DISQUALIFICATIONS
ϕ—following the finish call indicates this horse was part of a dead-heat (an explanatory line appears under that past performance line).
†—following the finish call indicates this horse was disqualified. The official placing appears under the past performance line. An explanatory line also appears under the past performance of each horse whose official finish position was changed due to the disqualification.
‡—before the name of any of the first three finishers indicates the horse was disqualified from that position.

SPEED RATINGS
This is a comparison of the horse's final time with the track record established prior to the opening of the racing season at that track. The track record is given a rating of 100. One point is deducted for each fifth of a second by which a horse fails to equal the track record (one length is approximately equal to one-fifth of a second). Thus, in a race in which the winner equals the track record (a Speed Rating of 100), another horse who is beaten 12 lengths (or an estimated two and two-fifths seconds) receives a Speed Rating of 88 (100 minus 12). If a horse breaks the track record he receives an additional point for each one-fifth second by which he lowers the record (if the track record is 1:10 and he is timed in 1:09⅗, his Speed Rating is 102). In computing beaten-off distances for Speed Ratings, fractions of one-half length or more are figured as one full length (one point). No Speed Ratings are given for steeplechase or hurdle events, for races of less than three furlongs, or for races for which the horse's speed rating is less than 25.
When Daily Racing Form prints its own time, in addition to the official track time, the Speed Rating is based on the official track time.
Note: Speed Ratings for new distances are computed and assigned when adequate time standards are established.

TRACK VARIANTS
This takes into consideration all of the races run on a particular day and could reflect either the quality of the competition, how many points below par the track happened to be, or both. The Speed Rating of each winner is added together, then an average is taken based on the number of races run. This average is deducted from the track par of 100 and the difference is the Track Variant (example: average Speed Rating of winners involved is 86, par is 100, the Track Variant is 14). When there is a change in the track condition during the course of a program the following procedure is employed in compiling the Variant: races run on dirt tracks classified as fast, frozen or good, and those listed as hard, firm or good on the turf, are used in striking one average. Strips classified as slow, sloppy, muddy or heavy on the dirt, or yielding and soft on the turf, are grouped for another average. If all the races on a program are run in either one or the other of these general classifications only one average is used. The lower the Variant the faster the track or the better the overall quality of the competition.
Note: A separate Track Variant is computed for races run on the turf (grass), straight course races, and for races run around turns at distances of less than 5 furlongs.
